

Manufacturer of **Pressed Steel** Radiators

Innovating, Expanding & Electrifying the World

COMPANY PROFILE 2025-26

**Finalist At
Youth Business
International
Awards 2019**

COMPANY OVERVIEW

About Us

Sky Power Industries is a leading manufacturer of pressed steel radiators, committed to delivering high quality, cost effective solutions for the power and transformer industry.

We began our journey in radiator assembly, working with two of the top manufacturers in the industry. With deep expertise and a commitment to quality, we established our own manufacturing unit to produce superior radiators at competitive prices.

Our state-of-the-art facility, spanning **1,000 sq.meter** in **Jejuri MIDC, Tal. Purandar, Dist. Pune, Maharashtra, India** is equipped with advanced technology to ensure precision, efficiency, and reliability in every product we manufacture. With a production capacity of **50 – 70 tons per month**, we efficiently meet growing industry demands.

Recognized for our excellence, we were finalists in the **Youth Business International Awards 2019** held in Cartagena, Colombia, where we were honored with a trophy for our achievements.

With a focus on **innovation, sustainability, and customer satisfaction**, we continue to expand our presence in domestic and international markets, striving to be a global leader in pressed steel radiator manufacturing.

Vision

Sky Power Industries strives to deliver high quality, energy efficient radiators, expand globally, adopt AI driven automation and eco friendly manufacturing, and be a trusted partner in the power industry.

Mission

Sky Power Industries aims to be a global leader in pressed steel radiators, powering every village and city with innovative, sustainable, and client focused solutions.

A STATEMENT FROM THE LEADER

Mr. Swapnil D. Kudale

Director
Sky Power Industries

The Vision of Director

"Success is built on discipline, not luck. Hard work and smart work is the bridge between dreams and reality."

"As the CEO of Sky Power Industries, I take pride in leading a company that is revolutionizing radiator manufacturing. With over 15 years of experience, I have witnessed the evolution of technology in the power sector.

At Sky Power Industries, our vision is clear:

- ✓ Believe in your business idea and put in the maximum effort to realise it. Obstacles are stepping stones to success.
- ✓ Winning a race requires consistent effort, dedication, self-belief and a fighting spirit.
- ✓ To support the electrification of every village and city, bridging power gaps across the world

TURNING
VISION INTO
VICTORY.

QUALITY AT ITS CORE

Sky Power Industries operates a highly advanced production facility, incorporating precision engineering, innovative designs, and strict quality control measures.

Our Products:

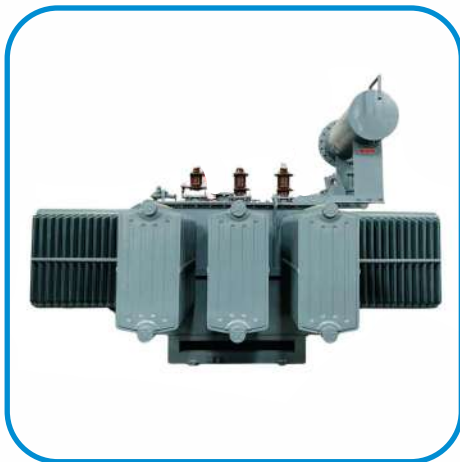

Welded Type Radiators

Flanged Type Radiators

Goose Neck Type Radiators

Radiators with Multiple Outlets

Radiators with Multiple Inlets

Customization Options To Suit Diverse Transformer Needs

PRODUCT SPECIFICATION

Pipe Specifications:

- ✓ 226 mm & 300 mm Width Radiators:
76 mm diameter pipe with 3 mm wall thickness.
- ✓ 520 mm Width Radiators:
88 mm diameter pipe with 3 mm wall thickness.

Fins Specifications:

- ✓ Radiator Width Options:
226 mm, 300 mm, and 520 mm.
- ✓ Length Options:
From 400 mm to 2000 mm, adjustable in 100 mm increments or customized to your requirement, with a 50 mm pitch.

QUALITY TESTING

State-of-the-art machinery ensuring high accuracy and durability
Rigorous Quality Testing

- ✓ 2.5 kg/cm² air pressure leak-proof testing
- ✓ Use of corrosion-resistant primers for longer radiator lifespan
- ✓ High-grade heat-conductive varnish to enhance cooling efficiency

Our focus on continuous process improvements, automation, and material advancements ensures that every radiator meets global standards.

POWER INDUSTRIES

AWARDS

ACHIEVEMENTS & MILESTONES

Sky Power Industries has been recognized for its contributions to innovation, quality, and business excellence.

- Finalist at the Youth Business International Awards 2019 (Cartagena, Colombia) – A global recognition for outstanding entrepreneurship and industry leadership.
- Awarded by Bhartiya Yuva Shakti Trust for exemplary business growth and leadership.
- Recognized by the Bank of Maharashtra as a model of entrepreneurial success.
- IKEA Foundation for its contribution to Helping Young Entrepreneurs Create Start-Up Successes.

These achievements serve as a stepping stone toward our bigger goal – becoming a global name in radiator manufacturing.

OUR CLIENTS & INDUSTRY PARTNERSHIPS

Sky Power Industries is proud to be the preferred radiator supplier for some of India's most reputed transformer manufacturers.

-: OUR VALUED CLIENTS :-

FUTURE EXPANSION & INNOVATION ROADMAP

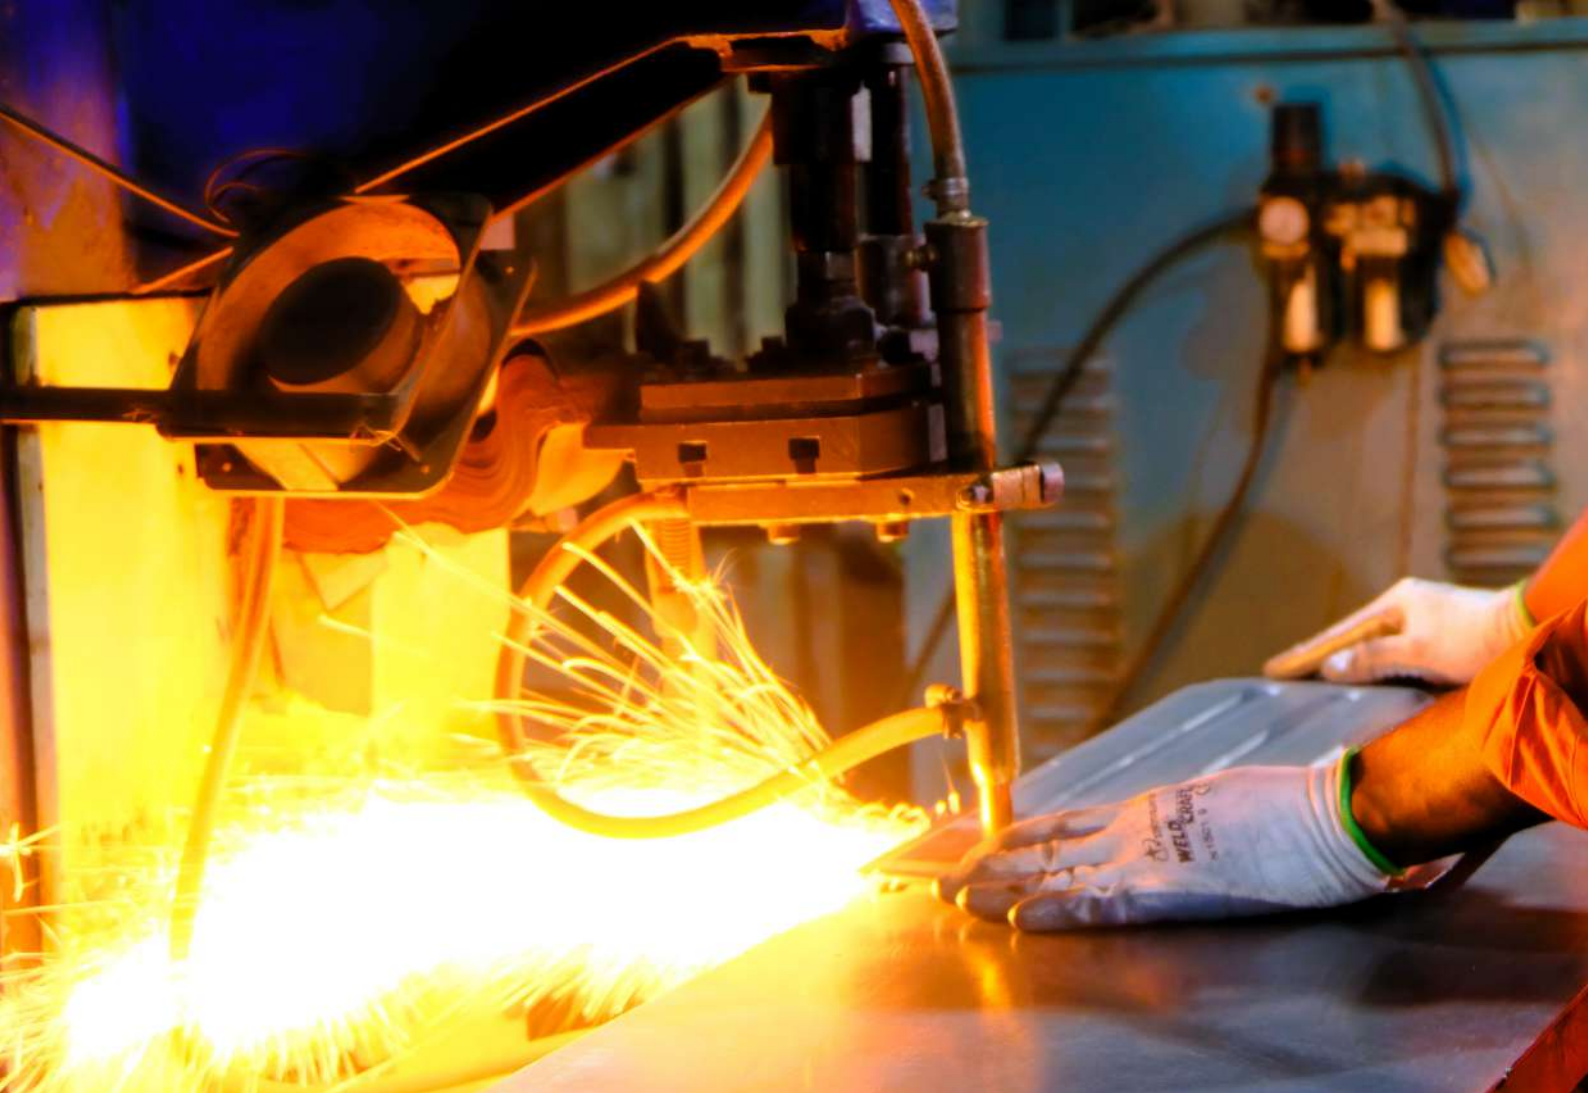

Sky Power Industries is investing in the future with an aggressive growth plan focused on technology, sustainability, and international markets.

Global Expansion:

Establishing export channels to Europe, Africa, and the Middle East. Expansion of Manufacturing Capacity: Increasing production from 100 tons to 300 tons per month in upcoming years.

Powering the Future Together:

We believe in growing together, building lasting partnerships beyond transactions. With automation, smart manufacturing, and eco-friendly practices, we aim to lead India's radiator industry and make a global impact.
